

## HAZWOPER 8 hour Annual Refresher

### Course Description

HAZWOPER 8 Hour annual refresher course is required for workers that perform activities that expose or potentially expose them to hazardous substances.

This course is specifically designed for workers who are involved in clean-up operations, voluntary clean-up operations, emergency response operations, and storage, disposal, or treatment of hazardous substances or uncontrolled hazardous waste sites. Topics include protection against hazardous chemicals, elimination of hazardous chemicals, safety of workers and the environment and OSHA regulations. This course meets the training requirement outlined in **29 CFR 1910.120**.

This training is required before an employee is permitted to engage in hazardous waste operations.
